

SUPER VI-GEST

KEY TO OPTIMUM DIGESTIVE HEALTH

Good digestion is a critical component of healthy living, the key to the absorption and bioavailability of foods and supplements. To achieve the right digestive enzyme levels, Super Vi-Gest gives you the perfect blend of enzymes, provides proteases for protein digestion, amylases for carbohydrate digestion, lactase for milk product digestion, lipase for lipid (fat) digestion and cellulase for cellulose digestion. It also includes endopeptidases, invertase and Betaine HCL. In other words, Super Vi-Gest works to insure that your body gets the nutritional support it needs for optimum health!
